

CAMPUS SNOW AND ICE MANAGEMENT PLAN

Building Operations's snow removal and deicing vehicles work in priority order to ensure the highest risk areas of campus are open first. In extreme weather, stick to these routes to get where you're going!

We can only begin plowing when there is at least 2" of snow.

NOTE: NW Marine Drive, SW Marine Drive, Chancellor Blvd. and University Blvd from Blanca to Wesbrook Mall are cleared by the BC Ministry of Transportation's maintenance contractor.

- Priority Roads
- Priority sidewalks & pathways
- Outside UBC jurisdiction
- Parkades & surface lots
- UBC Bus Exchange
